## OUR MISSION

The Mission of the Life Foundation is to:

- Stop the spread of HIV and AIDS.
- Empower those affected by HIV/AIDS to maximize their quality of life .
- Provide leadership and advocacy in responding to the AIDS epidemic .
- Apply the skills and lessons learned from the AIDS epidemic to other related areas of public health or concern.

## OUR VISION

An AIDS-free tomorrow.

“The programs offered at Life Foundation were so important to my mental stability through my recovery and stabilization period.”

- Life Foundation Client

## WHO WE ARE

Organized nearly thirty years ago as the first meaningful response in Hawaii to a disease that did not yet even have a consistent name, Life Foundation is dedicated to stopping the further spread of HIV while providing HIV positive people the help they need to survive AIDS.

Starting as an all volunteer effort and progressing to the professional organization it is today, Life Foundation has always tried to be an innovative leader in the fight against AIDS in the Pacific region. Among its accomplishments, Life Foundation:

- Was among the first organization in the country to take AIDS education into schools.
- Implemented the first sterile needle exchange in Hawaii – now very capably operated statewide by the CHOW Project.
- Established intensive case management for HIV positive people.
- Developed a peer-based HIV prevention strategy.
- Introduced free and anonymous rapid HIV testing, which returns a result in less than twenty minutes.

At Life Foundation, we believe that HIV and AIDS can be banished from these beautiful islands. With that as our ultimate goal, we will continue to do everything we can to bring closer that happy day.

# Letter from Executive Director & Board President

Aloha,

When people learn that we are associated with Life Foundation, the “AIDS organization,” they invariably ask one question – “So, how’s it going?” With those four words, they could be inquiring about potential medical breakthroughs, the elusive cure or how the epidemic is impacting Africa. Most often, however, they are probably thinking closer to home and want to know if people in Hawaii are still getting “it” and still dying.

Our answer would be “Yes” but, like most one-word replies, the real picture only emerges from more brush strokes and subtle shading.

In the pages that follow, you will see some of that shading. You will read the words of the people who depend on us and of the people who provide our services. You will hear from volunteers who give us the gifts of their time and talent and from people who provide generous monetary support year after year.

The people you encounter in the next twenty or so pages will paint a picture of Life Foundation that is far more compelling than anything our words and statistics can produce. For our part, as the leader of Life Foundation’s governing body and the person responsible for its day-to day operations, we are charged with maintaining a strong framework to contain and display that portrait.

We conclude this annual report with a list of the people, businesses and organizations that have kept that framework strong during the past year. We are profoundly grateful to all of you for your support and the confidence it demonstrates. Thank you.

A handwritten signature in black ink that reads "Michael Garcia".

Michael Garcia  
2011 – 2012 President

A handwritten signature in blue ink that reads "Paul Groesbeck".

Paul Groesbeck  
Executive Director

“Life Foundation is a blessing to people like me.”  
- Life Foundation Client

# Board of Directors

2010 - 2011

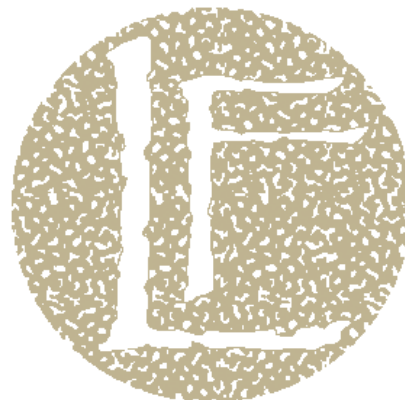

## OFFICERS

**President** Michael Garcia  
Oceanic Time Warner Cable Company

**Vice President** Rev. Jeff Lilley  
Lutheran Church of Honolulu

**Treasurer** Dwayne Takeno, CPA  
PKF Pacific Hawaii

**Secretary** Amanda Ross  
Resources Global Professionals

## DIRECTORS

Clifford Chang  
Pacific Islands Primary Care  
Association

Linda Chang, MD  
UH-QMC Magnetic Resonance  
Research Center, UH School of  
Medicine

Kamana'opono Crabbe  
Office of Hawaiian Affairs

Fernando De Hoyos

Psychologist

## NEW 2011- 2012 MEMBERS

Nick Aiello  
Department of Education

Leanna Lui  
State of Hawaii Judiciary  
Family Court

Kintaro Yonekura  
University of Hawaii at Manoa  
MSW Program

# Making a Difference ...

One person who really moved me this year was actually a friend of mine before he became a client of Life Foundation. My friend participated in our prevention programs, and the things he's been able to do while living with HIV is inspiring. What he learned at Life Foundation has been a tool for him to progress and, as he says, 'make lemon meringue pie out of lemonade.' He is always making strides forward and is almost done working on his Masters Degree.

- Mono Ah Nee, HIV Prevention Specialist

"I want to thank the Life Foundation for being there when I needed it, and for the years of excellent, professional, and caring services to me and all of its clients." - Life Foundation Client

Life Foundation recognized World AIDS Day by holding a service and candlelight vigil.

- December 1, 2010

- October 8, 2010:

The Stars Against AIDS Radiothon, held all day on Star 101.9, raised funds for Life Foundation while educating the community on HIV testing and care for those living with HIV/AIDS.

March 10, 2011 -

In honor of Women and Girls HIV/AIDS Awareness Day, Life Foundation held a women's retreat for its HIV positive female clients, partnering with Heaven on Earth and M.A.C. Cosmetics to provide a day of pampering, fun, education and awareness.

# ... One Life at a Time.

Seeing the progress of my clients really moved me this year. One client in particular didn't know his status or that he was infected. He came to Life Foundation and we found out he had opportunistic infections and a low CD4 count. We were able to help him and since walking into Life Foundation, he's been able to get housing, medication, doctor's assistance and financial help.

- Robert Mendes, Case Manager

"The Life Foundation staff are respectful and ready to assist with any problems that I may have, and if they can't help they find out who can. I am very grateful for this organization." - Life Foundation Client

Life Foundation held its 20th annual Honolulu AIDS Walk, drawing more than 5,000 participants and raising more than \$200,000 to support our HIV testing and care programs.

April 15, 2011 -

30th Anniversary of AIDS. Life Foundation organized a panel discussion at the UH Medical School to give a historical perspective of the history of AIDS in Hawaii

- June 5, 2011

- May 19, 2011

To bring awareness to National Asian and Pacific Islander HIV/AIDS Awareness Day, Life Foundation held an event in downtown Honolulu to educate the public on the rise in HIV infections in Native Hawaiians, Asians and Pacific Islanders.

- June 27, 2011

Life Foundation expanded its testing reach on National HIV Testing Day and promoted its Get Real, Get Tested campaign.

A client who inspired me was a TGSIW (Transgender Sex Industry Worker). She was the first ever person I've tested for HIV who turned out to be positive. We worked with her to make changes in her life and be ready to accept and deal with being HIV positive.

- Michael Sete, HIV Prevention Specialist

“My case manager has been and still is someone that I credit in bringing me back from what I thought was a hopeless situation being HIV positive. I can't thank her enough for caring!” - Life Foundation Client

Hawaii Lt. Governor Brian Schatz speaks with Life Foundation Executive Director Paul Groesbeck and Staff.”

Because of the generous support of our donors and funders, Life Foundation was able to provide the following services during 2011:

- 805 clients were able to access services through our Care Department
- 1,988 meals were served through our Meals Program
- 253 households were assisted from our emergency pantry
- 2,231 rapid HIV tests were administered
- 24,133 contacts were made to people at risk of contracting HIV
- 100,000 safer sex kits and condoms distributed

Work with our Ke Ola Pono project, which provides services to our Native Hawaiian HIV positive clients. It's wonderful for our Native Hawaiian clients to have a program that's designed specifically for them and their needs.

- Kelii Abordo, Case Manager

“Mahalo nui loa for the supportive environment and for the things I learned during my early diagnosis. The newsletter is educational and reminds me how fortunate I was to have Life Foundation and my case manager when the going was difficult.” - Life Foundation Client

It makes me feel good to be here, to make a difference in people's lives and to get them to a better place. It's a struggle to watch them have HIV and see them deal with it emotionally and physically. We play a really big role in getting them back to where they need to be. We are not just case managers, we are their support system.

- Keris K. , Case Manager

“I have been with Life Foundation a little over a year, and everyone has been extremely helpful and has treated me with respect. I look forward to working with Life Foundation in the coming years.” - Life Foundation Client

**HIV Care Programs:** The role of the HIV Care Services Department is to help HIV positive people live as healthfully as possible with HIV/AIDS and, ultimately to survive and outlive the presence of the disease here in Hawaii.

Life Foundation's principal care service is case management. Once an HIV positive person becomes a client here, case managers, with the guidance of the HIV care director and nurse, provide support and assistance in five areas:

1. **Physical Health:** Are clients receiving care from an AIDS-experienced physician and can they afford the cost of ongoing physical health needs?
2. **Medications:** Can clients acquire, afford, adhere to and tolerate AIDS medications?
3. **Financial:** Are clients receiving all the private income or public benefits for which they are eligible?
4. **Housing:** Are clients living in safe, decent and affordable housing?
5. **Emotional Health:** Do clients have the support they need to achieve sound mental health?

The overall goal of the HIV Care Services Department is a "Yes" answer to each question for each client. If all areas are not stable, clients, with the assistance of their case managers, will identify the clients' goals in each area and use a harm reduction approach to removing barriers, ensuring access and maximizing the clients' positive outcomes in each of the area described above.

In Fiscal Year 2011, the Care Services Department:

1. Enrolled 115 new HIV positive clients.
2. Provided services to 805 HIV positive clients.
3. Maintained an ongoing average caseload of about 700.
4. Lost about 2% of case management clients to death during this reporting period. This is about a 90% reduction in annual client mortality from two decades ago.

*"Life Foundation has the best care and compassion."  
- Life Foundation Client*

**HIV Prevention Programs:** The HIV Prevention Services Department provides a variety of peer-based programs that reach out to groups in the community that have been identified as being at high risk for HIV infection including high risk women who are partners of positives, men who have sex with men, high risk transgendered people, injection drug users, men who sex have with men who inject drugs and, in particular, the younger members of each of these risk groups.

In addition to a number of evidence based individual, group and community level interventions, the department also offers free and anonymous HIV testing as a component of each prevention activity.

In Fiscal Year 2011, HIV prevention services included:

1. Counseling, Testing and Referral (CTR) services to 2,231 high risk individuals. Of this number, 100% will receive risk reduction counseling, 100% will receive their results immediately after the test, and 100% of newly diagnosed people will be referred to Life Foundation's HIV Care Services Department. Approximately 1% of these tests are expected to be reactive.
2. 24,133 outreach contacts, which served as gateway opportunities for recruitment into other Life Foundation Prevention and Care services.
3. Distribution of 100,000 safer sex supplies to high risk individuals.
4. 568 Individual Level Interventions (ILI) with high risk individuals.

**Capacity Building Assistance (CBA)**

**Programs:** Staffed by one person, this program provides, or facilitates the provision of, technical assistance and training to enhance an organization's ability to operate in an efficient and sustainable manner and to effectively implement HIV prevention services. Eligible recipients of CBA services are nonprofit and governmental AIDS programs operating in the State of Hawaii and throughout the six U. S. Pacific Islands Jurisdictions.
